PROFESSIONAL SUMMARY

Passionate Computer Science undergraduate with strong foundations in software development, data structures, and problem-solving. Experienced in building responsive full-stack applications and exploring AI/ML technologies, with a keen interest in developing efficient, scalable, and user-focused solutions in collaborative engineering environments.

EDUCATION

Prasad V. Potluri Siddhartha Institute of Technology

Vijayawada, Andhra Pradesh

Bachelor of Technology in Computer Science and Engineering (AI & ML)

2023 – 2027

CGPA: 8.9/10.0

TECHNICAL SKILLS

- **Programming:** Java (Advanced), Python, JavaScript (ES6+), Data Structures & Algorithms
- **Web Development:** HTML5, CSS3
- **Data & Intelligence:** Machine Learning, NLP, NumPy, Pandas, Scikit-learn, SQL
- **Tools & Systems:** GitHub, Postman, VS Code
- **Concenpts:** DBMS, OS, Deep Learning, NLP, CNS,DV

PROJECTS

- **Buzz Bites – Coffee Ordering Website** 2025
Developed a responsive coffee ordering website using HTML, CSS, JavaScript, and Bootstrap with category based menu filtering and cart functionality. Enhanced user experience through interactive UI design and seamless product selection features.
- **NewsNest – College News and Events Portal** 2025
Built a dynamic college news and events platform during an **8-hour Ideathon hackathon** using **HTML, CSS, JavaScript, PHP, MySQL, and Git**. Developed front-end and back-end functionalities to create a social media-style feed for campus updates while improving teamwork and full-stack development skills.

ACHIEVEMENTS AND CERTIFICATIONS

- **Competitive Programming:** Achieved a **LeetCode rating of 1530+** (Top **35.77%** globally) and solved **340+ problems**
- **NPTEL Certifications:** Awarded certificates in “Foundation of R Software”, “Programming in Java”, and “Design and Analysis of Algorithms (DAA)” for academic excellence.
- **Professional Internships:** Completed Google AI/ML and AWS Generative AI Virtual Internships (2025–2026), gaining hands-on experience in cloud and model deployment.

CO-CURRICULAR AND LEADERSHIP

- Participated in multiple coding contests on LeetCode, CodeChef, and HackerRank, strengthening problem-solving and algorithmic skills.
- Participated in an 8-hour Ideathon hackathon and collaborated in building a full-stack web application prototype.
- Actively explored full-stack development and AI/ML technologies through self-driven projects and online learning platforms.
- Solved Data Structures and Algorithms problems regularly to improve coding efficiency and logical thinking.
- Collaborated with peers on academic and technical projects, enhancing teamwork and communication skills.
